CONTENT:
- 1 Game Board
- 52 Picture/Letter Cards
- 1 Spinner with Arrow
- 4 Pawns

OBJECTIVE:
To collect the most Picture/Letter Cards.

SET UP:
1. Each player chooses a pawn and places it on the game board on START.
2. Attach the spinner arrow to the spinner card.
3. Each card has two sides: one side with either a BIG letter or a little letter and one side with a picture and words.
4. Shuffle the cards and spread them out next to the game board, picture side up.

GAME PLAY:
1. The youngest player goes first by spinning the spinner.
2. The spinner has two rings. The inside ring has the numbers 1, 2, 3 and 4 and the outside ring has the words BIG or little.
3. After spinning, the player has two choices: He/she can move the number of spaces shown on the inside ring or he/she can move to the next space with a BIG or little letter, as shown on the outside ring.

Picking up cards:
1. After landing on a letter space, the player looks for the Picture Card that begins with the same BIG or little letter shown on the letter space of the game board.
2. Players may only pick up Picture Cards with a BIG letter when they land on a BIG letter space and they may only pick up a little letter when they land on a little letter space. Cards collected are kept by the player for the rest of the game.
3. Play passes to the right and it is the next player's turn.

Note: The correct letters are printed on the opposite side of the card, which allows players to check their answers.

4. If a player lands on a letter space with a corresponding Picture Card that has already been collected, that player’s turn is over.

Note: Players may only pick up one Picture Card per letter space and may share the same space.

WINNING THE GAME:
The game ends when the last player reaches FINISH. Players count the number of Picture Cards collected and the player with the most cards wins. If there is a tie, both players are declared winners.
