Game Play (for 2 players)

Object: Be the first player to get rid of all of your cards

Set Up
1. Choose a set of cards. (A set is 24 cards with matching borders from one deck.)
2. Deal all cards out to each player, I Have side up.
3. Players arrange their cards I Have side up in front of them. (If a player has more than one card per category, then these cards may be placed in a stack.)

Game Play
1. The player who is not the dealer goes first by reading one of his/her I Have cards. (e.g. “I Have a snake.”)
2. After reading the I Have statement s/he flips the card over and reads the Who Has side of the card. “Who Has a …?” (e.g. “I Have a snake. Who has a turtle?”) S/he places the card with the Who Has side up in the center of the table.
3. Players race to respond to the Who Has question if they have that specific card. To respond to a Who Has question, a player says, “I Have a … Who has a …” and places his/her card, Who Has side up on the pile.
4. Play continues as outlined in numbers 1-3.
5. The first player to place his/her card on the pile is allowed to go next.
6. If you run out of matches, the last person to put down a card puts down another card and play continues as outlined above.

Winning the Game

The first player to get rid of all of his/her cards wins.

Game Play (for 3-4 players)

Use two sets of cards for this game either both sets of the animal deck or both sets of the color deck. Follow game play instructions for a 2-player game.
