- 12 Parent Cards
- 36 Baby Cards
- Spinner

Setup

If this is the first time playing, snap the spinner arrow onto the Spinner.

Separate the 12 Parent Cards from the 36 Baby Cards. Shuffle and deal parent cards to each player as follows:

- 2 Players: each player receives 6 Parent Cards
- 3 Players: each player receives 4 Parent Cards
- 4 Players: each player receives 3 Parent Cards

Each player places his/her Parent Cards in a line in front of himself/herself.

Players shuffle the Baby Cards and place them face down in a 6 x 6 grid in the center of the table.

Variation for younger children: For very young children, place the Baby Cards face up to make it easier to match to Parent Cards.

How to Play

The youngest player goes first by spinning the spinner. Based on the number spun (1, 2, 3 or 4), this player gets to turn over that many cards, looking for Baby Cards that match that player's Parent Cards.

If the player finds matching Baby Cards, he/she places those cards under the proper Parent Card in front of him/her. Any Baby Card that do not match the player's Parent Cards are turned back over in the same location. Players should observe and try to remember where their Baby Cards are located as competing players turn cards over.

Play continues to the left with each player spinning, selecting Baby Cards and matching Parent Cards.

Winning the Game

The first player to match 3 Baby Cards to each Parent Card in his/her hand is the winner.
